

**Message from Editorial Desk**

**25<sup>th</sup> June 2026**

Dear Readers, Researchers, and Contributors,

We are pleased to share several exciting developments as we continue our journey toward strengthening scholarly communication and promoting high-quality research dissemination.

Following the successful validation of our journal records by the ISSN Centre India (CSIR-NIScPR) and registration in the ISSN International Portal, we are now progressing toward our next major milestone. The process of applying for inclusion in the Directory of Open Access Journals (DOAJ) is currently underway. Necessary editorial, ethical, and technical requirements are being finalized, and the formal application will be submitted shortly. This initiative reflects our continued commitment to international publishing standards, transparency, accessibility, and academic excellence.

We are also delighted to announce the expansion of our journal portfolio with the introduction of two new peer-reviewed international journals:

\*International Journal of AI Research and Data Innovation (IAIRDI)\*

and

\*International Journal of Research in Humanities, Science and Technology (IJRHST)\*

These journals have been established to provide dedicated platforms for researchers, academicians, industry professionals, and practitioners to publish innovative and impactful research across emerging and interdisciplinary domains. Detailed information regarding their aims and scope, editorial boards, publication schedules, and submission guidelines will be shared in the coming weeks.

The current issue presents a diverse collection of scholarly contributions that address contemporary challenges and opportunities across multiple disciplines. We sincerely thank our authors for

entrusting us with their valuable research, our reviewers for their insightful evaluations, and our editorial board members for their unwavering dedication to maintaining publication quality.

As we move forward, we invite researchers from around the world to join us in advancing knowledge, fostering innovation, and contributing to the global research community.

Thank you for your continued support and confidence in our journals.

Warm regards,

On behalf of Editorial Team

**Dr.V.RameshBabu**
